

GYPSY  
EAU DE PARFUM

## GYPSY STORY

Each day, our worlds are flooded with scents. From roasting coffee beans in the morning, freshly cut grass, to scents from our childhood memories. These scents linger, captivating us for some time, however, sometimes they can get lost in our busy lives, buried deep. We want to bring those lost memories back to life!

Explore the magical scented tales, celebrating the lives and histories of a Gypsy. This culture, full of tradition and stories, bring family, history, knowledge and their respective value together, to create a form of art that is full of self-expression and beauty.

The background features a light gray, stylized illustration of a bird's head and neck on the right side, facing left. The bird has large, pointed feathers and a beak. The entire scene is set against a white background with a subtle gradient.

## BIRDS OF PASSAGE

"Birds of Passage" is our second collection, which includes 5 incredible scents. Real, alive, and vivid, they mirror the delicate mannerisms of nature in order to tell true stories about two lovers enjoying their gypsy life
